Competenze comunicative

I can communicate with all ages at all levels. I have 8 years of experience with dealing with international people in various jobs and of differing ages.

Competenze organizzative e gestionali

I organise my time vigorously, I move around from city to city, so time management is key.

The way in which I pass on my extensive knowledge of the English language varies depending on the student. Though one thing remains, a better understanding and grasp of the language while enjoying each lesson.
